

Severely burned slope in upper Shitike Creek watershed with landscape indications of past debris flows.

Log jam spanning Shitike Creek just upstream of Peter's Pasture.

Soil burn severity field testing

Noisy Creek Bridge.

Noisy Creek. View upstream of P-400 bridge. A possible treatment discussed for Noisy Creek, but eliminated was installing more woody debris in the stream channel.

Trail # 10

West of Lionshead, mountain goat habitat

Burned 26 year old ponderosa pine plantation

Huckleberries along P-400 that survived fire
